Stara Sava

Na sotočje Save Dolinke in hudournika Ukova je leglo središče Jesenic, ki danes sanja stare sanje in diha z bogato železarsko tradicijo. V tem okolju so na relativno majhni površini ohranjeni bistveni elementi fužinarskega naselja: graščina, cerkev, delavska stanovanjska hiša, plavž s pomožnimi obrati, rake in mlin. Povezani so v smiselno celoto, ki je namenjena muzejski, kulturni in turistični dejavnosti. Tu se danes nahajata Glasbena šola Jesenice in Gornjesavski muzej Jesenice. Trg, ki s preurejeno podoba postaja nov prostor za družabne prireditve, nezadržno privablja Jeseničane in okoliške prebivalce. Tam se srečujejo znanci in prijatelji, tam se čas kdaj pa kdaj kar ustavi ...

Stara Sava

At the confluence of the Sava Dolinka River and the Ukova Torrent lies the old centre of Jesenice, which today dreams old dreams and breathes the rich tradition of ironworks. Here, all the important elements of an iron foundry settlement can be found in a relatively small area: the mansion, the church, the residential house for workers, the furnace and other facilities, the millpond and the mill. They now form a coherent unit for museum, cultural and tourist activities. There is today a museum and music school. The renovated square offers a new place for public events and the inhabitants of Jesenice and surrounding villages keep coming. This is the meeting point for acquaintances and friends, and from time to time, time simply stops ...

Kos Manor, once the palatial home of manor Žiga Dietrichstein, the manor now houses a wedding hall, gallery and museum with a collection of fossils and rocks from the western Karavanke. You can join the Old mining route here.

Murova je najstarejše naselje na Jesenicah. Prvi zapisi iz leta 1496 potrjujejo, da so bile tam lesene hiše, od katerih se jih je ohranilo le nekaj.
